Mangesh Lolage

Software Developer | Full Stack (MERN)
JavaScript | React.js | Node.js | Express.js | MySQL | MongoDB

lolagemangesh2003@gmail.com | +91 7822893165 | Pune, Maharashtra | LinkedIn | GitHub

Professional Summary

Software Developer specializing in JavaScript and Full Stack Web Development with the MERN stack. Hands-on experience with React.js, Node.js, Express.js, MongoDB, REST APIs, Git, and GitHub. Strong understanding of frontend and backend development, API integration, authentication, and problem solving. Experienced in building web applications with a focus on clean, maintainable, and scalable code. Seeking opportunities to contribute to software development teams as a MERN Stack Developer.

Work Experience

Bqarlson Software Technologies Private Limited
MERN Developer Intern *Sep 2026 – Present*

- Developing and maintaining full-stack web applications using React.js, Node.js, and Express.js (MERN) with ES6+ JavaScript, HTML5, and CSS3.
- Designing, testing, and documenting RESTful APIs using Postman, ensuring reliable frontend-backend integration and maintainable code.

Freelance Web Developer
Self-Employed *May 2026 – Present*

- Developed responsive websites and landing pages using HTML, CSS, and JavaScript, optimized for desktop and mobile with interactive UI components.
- Managed the end-to-end development lifecycle, including requirements gathering, UI development, deployment, and client handover, using Git and GitHub.

VaultOfCodes
Web-Developer Intern *Nov 2024 – Dec 2024*

- Developed responsive, user-friendly web pages using HTML, CSS, and JavaScript, ensuring cross-device and cross-browser compatibility.
- Improved UI performance and code quality using modern CSS practices; collaborated via Git/GitHub to identify and resolve frontend bugs.

Education

Savitribai Phule Pune University **2021 – 2025**
Bachelor of Engineering - Electronics & Computer Engineering

Project

Portfolio Website

- Designed and developed a fully responsive personal portfolio website with modern UI/UX principles, organizing content for clarity and consistency across devices.
- Maintained systematic version control and project documentation using Git and GitHub.
- Built using HTML, CSS, and JavaScript, with a focus on scalability, performance, and attention to detail.
